

Centrally Managed Competitions Duty Referee Policy – Winter 2021

While we can now return to a full season of Touch Football this winter, we need to ensure our refereeing numbers continue to grow and build form week to week, otherwise we will not be able to maintain a high standard of competition.

For this season, duty referees will be in play from Round 2, until Round 11.

Details of the duty referee, including names and phone number, will be obtained when the side registers to the competition.

These duty referees will be expected to monitor the duty referee roster for their side's allocated matches and perform these duties as they arise, on average every 3-4 weeks.

Any side who does not perform their duty referee allocation **will be deducted 3 match points**. There will be the option to regain 2 of these points if you perform a make up allocation.

You will not receive any points for performing more allocations than allotted – but of course, if you referee games above your allocations you will get paid for doing so!

Duty referee allocations will be posted online Friday for the following week. Look for the following button on the competition website.
